		\$ 896.91 ✓			

We were advised by the State Highway Men we should obtain the service of a competent man that understood form work and also able to read Blue prints to take charge of job. So I brought the question up at the meeting and ask them if they knew of a man. They said they did not know of any so I mentioned it to them that I knew of a good man. But he wanted to have \$1.00 per hour. So they agreed to hire him at that rate of pay and his work gave perfect satisfaction to the Highway Department
